---

Web Developer with experience as a lead graphic designer at a large apartment media company. Proven ability with design and web development to create stunning websites that bring flair and excitement for users. A creative problem-solver who successfully completed Southern Methodist University, full-stack coding program. Exceptional collaborative and interpersonal skills; dynamic team player with well-developed expertise using graphic design and coding languages to create impactful results.

---

## SKILLS

**Web Development:** HTML | CSS | Bootstrap | JavaScript | JQuery | GitHub | React | MongoDB | NodeJS  
**Graphic Design:** Adobe InDesign | Adobe Photoshop | Adobe Illustrator | Microsoft Word

---

## PROJECTS

**Project #1** | **GitHub:** [github.com/ItsRushHub](https://github.com/ItsRushHub) | **Site:** [itsrushhub.github.io/Project1/](https://itsrushhub.github.io/Project1/) **Front-end Developer** (CSS)

- The app takes ingredients that you have at home and returns five recipes that can be created from those ingredients. Its purpose is to reduce food waste and use what ingredients you have in your refrigerator.
- **Technologies used:** HTML | CSS | Bootstrap | JavaScript | JQuery

**Psychic-Game** | **GitHub:** [github.com/ItsRushHub](https://github.com/ItsRushHub) | **Site:** [itsrushhub.github.io/Psychic-Game/](https://itsrushhub.github.io/Psychic-Game/) **Full Stack Developer**

- A guessing game where you try to guess what letter the computer is thinking. Guess correctly you get a point and if you guess wrong one point is added to the losses column.
- **Technologies used:** HTML | CSS | JavaScript

**Crystal Collector** | **GitHub:** [github.com/ItsRushHub](https://github.com/ItsRushHub) | **Site:** [itsrushhub.github.io/unit-4-game/](https://itsrushhub.github.io/unit-4-game/) **Full Stack Developer**

- Crystal game where you try to match the random computer number by hitting on the selected crystals. Matching the correct number will result in starting over. If you go over the number you lose and will have a new game set.
  - **Technologies used:** HTML | CSS | JavaScript | JQuery
-
